ORACLE
LENDING SOLUTIONS

ANGELO BENEDETTI
Director

We pride ourselves in our ability to help our customers find a loan suited to their needs. We do this by having access to a large range of lenders and an even larger range of financial products, and we take care of negotiations for you.

OUR COMPANY

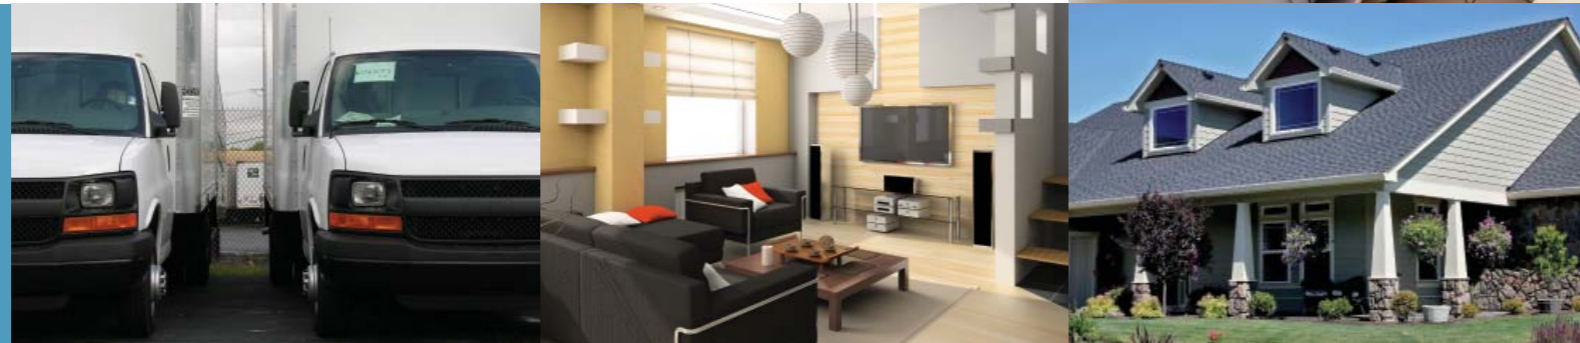

We are a boutique Finance Broking firm which was established in 2005 after director Angelo Benedetti felt there was a need for a company to not only offer services in mortgage lending, but also to offer commercial, investment and business loans, along with leasing, hire purchase and low doc loans.

With a combined experience of 35 years in the finance industry, our brokers are experienced in finding suitable finance packages to suit all individual circumstances.

Our consultants have the highest educational qualifications specific to the mortgage broking industry, and are members of the Mortgage and Finance Association of Australia.

We pride ourselves on our ability to help our customers find a loan suited to their particular needs. We do this by having access to a large range of lenders and an even larger range of financial products, and we take care of negotiations for you. We like to take the time to get to know you and find out about your situation, to ensure you achieve an effective solution.

We are an accredited member of the Professional Lenders Association Network of Australia (PLAN) which allows access to the latest electronic lodgement technology, making the entire process more efficient.

With a combined experience of 35 years in the finance industry, our brokers can create the right finance package to suit all individual circumstances.
